Droso Lavithi
Education Officer
The Cyprus Agency of Quality Assurance and
Accreditation in Higher Education (CYQAA)
5 Leoforos Lemesou, 2112, Nicosia – Cyprus

Subject: City Unity College preliminary review response – BSc (Hons) Computing" Franchise Programme (Ref. No.: 07.14.164.013) London Metropolitan University

Dear Ms. Lavithi

In accordance with the provisions of Laws of 2015 to 2021 [L. 136 (I)/2015 - L. 132(I)/2021], we respond to all the information that the Cyprus Agency of Quality Assurance and Accreditation in Higher Education (CYQAA) has identified as deficient or missing in the preliminary review report dated Tuesday, 5 December 2023.

Response to each point from the CYQAA Franchise Computing_City Unity College_Preliminary review attached.

Point One

We have made the amendment on page 1 – point number 9 Expected number of students for each year (the institution must submit the exact number of students per semester) – checkbox ticked – find attached page.

Point Two

Pages 6, 7 and 9 site link has been corrected –

https://www.legislation.gov.uk/uksi/2020/573/made see attached pages

Point Three

We agree with the observation that indeed the programme ranking of the above mentioned course is 61st and not 29th on the Guardian University Rankings site.

Open link

https://www.theguardian.com/education/ng-interactive/2023/sep/09/the-guardian-university-guide-2024-the-rankings, in the search box, type the institutions name and you will see the rankings per programme offered by that University. Find attached visual.

Point Four

All student services can be viewed in our Student Orientation Handbook attached.

Point Five

The academic faculty in Table A: Teaching Staff page 14 are all ranked as lecturers because they will be initially hired to teach in this new programme due to run in October 2024, when approved by CYQAA. According to our internal regulations each faculty member must undergo a six-month probation period in which time he/she will hold the rank of lecturer. Upon completion of the probation period the ranking committee will decide on the final rank of each academic faculty member. According to the decision of the CYQAA Council during the 99th Council Summit proof of social insurance payment must be provided for all academic faculty who teach in the programme. As this programme is currently undergoing review by CYQAA to run for the first time in October 2024, the faculty involved in this programme will be hired in due course depending on the outcome of its approval. Given the approval of the CYQAA the College will submit the relevant documentation of the academic faculty's proof of social insurance payments.

Point Six

As mentioned in Point 5 (above) due to the fact the this is a new programme with new academic faculty members, the teaching workload which appears in Table A: Teaching Staff page 14 will be held.

Currently the potential academic faculty CV's submit are not updated to include the employment at City Unity College due to the fact that they are not yet employed at the College, pending approval of the programme by CYQAA by which time their CV's will be uploaded onto the College's website accordingly. Find attached the prepared short CV's in accordance of CYQAA's request.

Point Seven

The modules appearing in Year 3 have been sent to us by London Metropolitan University and they are correct according to the paperwork we have submitted. Please find attached the Module Core Request form that was sent to us by London Metropolitan University confirming the above.

Point Eight

Attached you will find the London Metropolitan University awarding body degree certificate sample.

Point Nine

Mr. Stephen Breen (s.breen@londonmet.ac.uk) FHEA MBCS, Principal Lecturer/ Head of Collaborative Partnerships SCDM / Academic Liaison Tutor at London Metropolitan University – BSc Computing liaison has not accepted to send his staffs CV's. We have informed CYQAA verbally regarding this matter on two occasions. Should CYQAA require the London Metropolitan CV's from the Computing department, please make a formal request as we have been denied. Mr. Breen's department academic staff are solely concerned with GDPR regulation and the movement of personal data.

Should you require further clarifications please do not hesitate in contacting me directly.

Kind regards,

Chris Constantinou
Director General
City Unity College Nicosia

5 December 2023

To

Director

City Unity College

SUBJECT: Preliminary review regarding the programme of study *"BSc (Hons) Computing"*, which is going to be offered by the City Unity College Nicosia, via the franchise method, in collaboration with the London Metropolitan University, UK

Based on the Law [N. 136 (I) / 2015 to 35 (I) 2021], I have instructions to inform you in regards to the findings of the **preliminary review,** carried out by CYQAA, for the programs of study **BSc (Hons) Computing - (3 years, 180 ECTS, Bachelor degree)**, of the institution London Metropolitan University, UK which will be offered via the franchise method by your institution, City Unity College, Nicosia.

In your letter of reply, you should include, in accordance with the above-mentioned Law, all the information that the Agency has identified as deficient or missing in the preliminary review.

It is expected that your response will be structured, and you will reply with specific references to documentation (annexes and pages) in accordance to the Agency's Law.

Observations during the preliminary review:

1. On page 1 – *INSTITUTION'S CHECK LIST* "**In order for your request to be forwarded and properly examined, you must confirm that the following have been delivered at CYQAA's offices (check √ where applicable):"**
   On the checklist, point 9 was not completed although the information was submitted on page 218 of your application, under section 4.Admissions.

2. On pages 6 & 7 & 8 - The confirmation of the '*UK QAA recognition that London Metropolitan University has degree awarding powers'* **web page** *cannot be found*.

3. On page 7 – The '*Programme Rankings: Number **29** on Guardian University Rankings*' appears to be incorrect. Since on the relevant website, it is ranked: **Ranked 61st in subject,** according to your documentation (https://www.theguardian.com/education/ng-interactive/2023/sep/09/the-guardianuniversity-guide-2024-the-rankings).

4. On page 11 – *Part (b)* – ***"*Complete evidence for the academic facilities and services to be offered by the educational institute as well as those offered by the educational institute whose degree title will be awarded"***.
   In regards with the above point, in your documentation, you refer only to the building facilities which are offered by the collaborating institution. It is required to provide documentation on all facilities, including **infrastructures and services for students** that will be offered by your institution City Unity College Nicosia, in the same way as they are offered by London Metropolitan University. Such examples are, Counselling Service support and personal development (e.g. school offices that can help students' access to advice and guidance from staff, from financial issues to careers, The Students' Union, etc.).

5. On page 14 – *Part A: TEACHING STAFF OF THE BSc (Hons) Computing programme*, you provide a nominal list of the teaching staff of your institution. In your list, all of the teaching staff appear to be at the rank of **Lecturers**. The Agency would like to highlight that recruiting qualified staff is a prerequisite for running successful programmes of study. Please, do submit more information on this matter. The CYQAA Council, during the 99th Council Summit, decided that institutions will be required to additionally send the list of their academic staff extracted from the **ERGANI database** and also submit **proof of social insurance payment** for **all** academic staff who teach in the programme.

6. Furthermore, in order for the Agency to assure that the quality of the programmes of study is not compromised by any excess in the weekly **teaching load** of the academics, you need to submit the total number of teaching periods per week, for each academic/teacher and for each programme they are a part of, at City Unity College Nicosia. Additionally, their **CV's** should be updated so that their position at your College can be in view, under their current professional experience. In addition, from the requested **"Data"**, all of the Teaching Staff's **Short CV's**

are missing (*Doc. 500.01.03/500.01.04, TABLE A: TEACHING STAFF*), and none of the programmes academics' profiles (name and rank) are uploaded on your **website**.

7. On page 23 – *TABLE D: WEEKLY TIMETABLE PER YEAR / PER SEMESTER (YEAR 3)*, and page 147 of your application, under *Section 2: COURSE STRUCTURE AND ASSESSMENT*, **some of the Modules of the course** for **Year 3,** are different, compared to the **Year 3 Modules** listed for the academic year 2023/24 on the London Metropolitan University webpage, according to the Course Structure Diagrams shown in **ANNEX 1**.
8. On page 43 – *Appendix 3 – City Unity College (Nicosia) Ltd – CYQAA Letter_030723 – Section 'Certificate and transcript*', it is stated that **"graduates of the approved courses taught at the Partner Institution shall receive a certificate produced by the University and it will be the same certificate as London Metropolitan University students enrolled on the same course taught on its main campus"**. You need to submit a sample of the official document **of the higher education qualification** in a printout form.
9. On page 342 – the documents for **Appendix 13** – *London Metropolitan University Lecturer CV's*, were not included.

I remain at your disposal for any inquiries.

(Droso Lavithi)

On Behalf of the President of
Cyprus Agency of Quality Assurance
and Accreditation
In Higher Education

ANNEX 1

Section Two: COURSE STRUCTURE AND ASSESSMENT (page 146 of your application)
Course Structure Diagram The first group of students will be able to enroll in the program Full time of the Autumn 2023 Semester. They will take all modules according to the Course Structure Diagram below.
Level Six Autumn Entry:
Project (core, 30 credits)
Advanced Database Systems Development (core, 30 credits)
Application Development (core, 30 credits)
Project Analysis and Practice (core, 15 credits)
Artificial Intelligence (option, 15 credits)

London Metropolitan University London Metropolitan University Courses (https://www.londonmet.ac.uk/courses/undergraduate/computing---bsc-hons/) • Undergraduate courses • Computing - BSc (Hons)
Modular structure The modules listed below are for the academic year 2023/24 and represent the course modules at this time. Modules and module details (including, but not limited to, location and time) are subject to change over time.
Year 3 modules include:
Application Development (core, 30 credits)
Career Development Learning (core, 15 credits)
Data and Web Development (core, 30 credits)
Project (core, 30 credits)
Artificial Intelligence (option, 15 credits)
Mobile Applications (option, 15 credits)
Project Analysis and Practice (option, 15 credits)

Point One

The request for reviewing the program of study, is submitted to CYQAA in order to be offered and operate at the beginning of:

1. the winter semester 2024
   or
2. the spring semester

INSTITUTION'S CHECK LIST

In order for your request to be forwarded and properly examined, you must confirm that the following have been delivered at CYQAA's offices (check √ where applicable):

1. Cover letter ..... √
2. Application in print using the document No. 200.4 (1 copy) ..... √
3. Application using the document No. 200.4 in digital form (1 copy) ..... √
4. Practical Training Guide (if there is one) .....
5. Submission of the Foundation Year's program (if it is offered) .....
6. Test for English language competency or set levels on the basis of international examinations ..... √
7. The institution's admission criteria of School Leaving Certificate / Apolytirion overall final grade..... √
8. Teaching staff short profile / Short CV (Doc. 500.01.03 / 500.01.04) ..... √
9. Expected number of students for each year (the institution must submit the exact number of students per semester) √
10. Expected countries of origin of students, proportionally by country (the institution must submit the exact numbers per semester) .....

Program's of study Coordinator:

Name: Dr. John Zacharias Theophanous **Signature:**

Tel.: 22332333 **e-mail:** jz.theophanous@cityu.ac.cy

Date of Application Submission: 03.11.2023

Point Two

PART A

Instructions: Complete according the Article 11 of Laws 136(I)/2015 to 47(I)/2016. Any additional documents (e.g. agreements, memoranda of understanding etc.) must be submitted as annexes with the necessary references.

4.1 The educational institution of a member state is recognized in its country and duly authorized and accredited to provide courses and grant higher education qualifications with the method they are offered

Documentation:

The UK QAA recognizes that London Metropolitan University has degree awarding powers and that these were awarded in 1992 under the name of City of London Polytechnic. In January 1993 the University was renamed to London Guildhall University and in August of 2002 it was renamed to London Metropolitan University. Confirmation of this status can be found in the Register of higher education providers which is maintained by the Office for Students and can be viewed here: https://www.legislation.gov.uk/uksi/2020/573/made

The qualification London Metropolitan University awards to a student who has graduated from an international collaborative partner is equal to the qualification issued to students graduating from the same or similar course at its home campus (see Appendix 1, page 27, Appendix 1a, page 29 and Appendix 1b, page 33).

4.2 The program of study leading to the award of the higher education qualification in the Republic has been officially accredited by the authorized and accredited Agency established in the member state of origin of the higher education qualification;

Documentation:

The UK QAA recognizes that London Metropolitan University has degree awarding powers and that these were awarded in 1992 under the name of City of London Polytechnic. In January 1993 the

University was renamed to London Guildhall University and in August of 2002 it was renamed to London Metropolitan University. Confirmation of this status can be found in the Register of higher education providers which is maintained by the Office for Students and can be viewed here: https://www.legislation.gov.uk/uksi/2020/573/made

The qualification London Metropolitan University awards to a student who has graduated from an international collaborative partner is equal to the qualification issued to students graduating from the same or similar course at its home campus (see Appendix 1, page 27, Appendix 1a, page 29 and Appendix 1b, page 33).

Position of the institution and program of study in the national rankings:

- Institution Rankings: Number 85 on Guardian University Rankings
- Programme Rankings: Number 61 on Guardian University Rankings https://www.theguardian.com/education/ng-interactive/2023/sep/09/the-guardian-university-guide-2024-the-rankings

4.3 The higher education qualification issued is the same as that which would have been awarded if the education had taken place entirely in the member state of origin of the higher education qualification;

Documentation:

The design of the course is guided by the QAA UK Quality Code's expectations, core and common practice and advice and guidance which is made up of sector developed themes, designed to support providers in developing and maintaining effective quality assurance practices. In keeping with the

education providers which is maintained by the Office for Students and can be viewed here: https://www.legislation.gov.uk/uksi/2020/573/made (see Appendix 1, page 27)

London Metropolitan University, as a validating institution, is obliged to comply with the UK Quality Code for Higher Education, particularly the section on Advice and Guidance for Partnerships. The University also considers the Quality Assurance Agency Benchmark Statements when validating and re-approving courses delivered with Partner Institutions.

Part of London Metropolitan University's responsibilities within the partnership with City Unity College (Nicosia) Ltd shall be to ensure that the academic standards of all its awards and qualifications are consciously and carefully secured. All courses approved and delivered by the Partner Institution shall meet the University's validation requirements that ensure compliance with the Frameworks for Higher Education Qualifications of UK Degrees and relevant UK quality standards.

The University commits to regular and rigorous auditing of the Partner Institution to ensure the quality of the degree courses being offered through Partner Institution. All courses approved for delivery by the Partner Institution will be subject to the same continuous monitoring of academic quality as the courses delivered at London Metropolitan University. The entry criteria for the course is approved by the University's validation panel and is in alignment with the entry criteria of similar courses delivered by London Metropolitan University.

Any modification to the course structure and/or modules within it are carried out with the support and the approval of the Schools and External Examiners appointed by the University and shall be approved by the appropriate committee within the University's governance structure prior to implementation at the Partner Institution. All quality assurance procedures are articulated in the University's Quality Manual which is available on the University's website (see Appendix 3, UK Provider Reference Number: 10004048 / Unique Reference Number: 133816 / UCAS Code: L68, page 39).

Chief Executive Officer's (CEO) Welcome Message

A very sincere welcome to all of you who consider City Unity College Nicosia an ideal educational institution that will foster your future academic endeavors. Operating in an impartially diverse community, City Unity College Nicosia places great emphasis on the ability to transfer knowledge through high quality teaching techniques in an environment that reflects values and encourages integrity.

Well-designed educational pathways, taught and supported by the City Unity College Nicosia team of high qualified professionals, will aim in shaping you up academically but also sculpture your personality; a quality fading out with time. At City Unity College Nicosia, we believe in students who are committed in achieving excellence and together will put aside all life obstacles in order to achieve the set goals and reach the dream.

Welcome to City Unity College Nicosia.

Elias Philippou
Chief Executive Officer

History and General Organisation

Introduction

The aim of this Student Orientation Handbook is to introduce new students to important information needed about the student life in Cyprus. Through this handbook, the City Unity College Nicosia wishes to specify, support and enhance the students' learning experience. All students are advised to study this handbook thoroughly and consult it at all times. Therefore, it is the responsibility of every student to consult the latest edition of that handbook.

Also, all new students will receive the Student Handbook during their induction day. The Student Handbook will make explicit all procedures, rights, duties and responsibilities of City Unity College Nicosia students. Institutional policies and procedures, guide- lines and instructions concerning the effective contribution of all students are written in detail.

City Unity College Nicosia Mission

City Unity College Nicosia's mission is to provide modern academic programs that are results oriented and that focus on the student's needs, so that every graduate may aspire to become a competent and qualified professional, in today's rapidly changing environment. City Unity College Nicosia was the first College to focus - besides the needs of young students, on the needs of working adults. We understand that you want more options, fewer hassles. That's why we offer flexible, self-directed programs that fit your life and how you want to learn. All of our students have a noble urge; the desire for something more. Continuing education means different things to different people, and we're open to your point of view. Our programs are designed with one goal in mind: to get you everything you need to pursue the career you want and succeed. "As we move forward with bold plans of Global Expansion and more exciting programs, and by making accessible education a reality for anyone with the desire to succeed, our aim is to offer every student the opportunity to live unique experiences and unforgettable student years."

Learner Success

To fulfil these goals, we are committed in:

Providing programs and services appropriate to the needs and ambitions of our students.

Partnerships

Collaborating with business, industry and other educational institutions to ensure curriculum continuity and to encourage and ease the transition for our students into the working world.

Lifelong Learning

Offering a vast range of part-time and continuing education programs, integrated with our full-time programs and by advancing, fostering and supporting a learning culture. As noticed, our college focuses upon, first and foremost, on our students and their educational and furthermore personal well-being. We take into great consideration our students' learning and they as well can contribute to the design of learning experiences through their constructive feedback and criticism. In this way, we are able to facilitate interactions among learners to promote and sustain sufficient learning.

Professional Development

The Professional Development Office offers a number of courses and opportunities for professional upgrading.

Alumni

By supporting our graduates throughout their career (on a life-time basis), in connecting them with the best employers in Cyprus and other business partners in the world.

General Education

By maintaining a rich general component in our curricula in order to foster and enhance critical thinking, communication skills, and cultural and social understanding in our students.

Customized Training

Tailored to the competitive and evolving needs of organizations.

Flexible Delivery

By employing a variety of delivery systems, including advanced information technologies, aimed at maximizing access and learning and at accommodating differing learning styles.

Internationally Recognized Programs

By launching programs of international caliber and recognition; developing co-operative international activities which foster human resource development for students, staff and international partners.

CITY UNITY COLLEGE NICOSIA Values

By respecting individual differences, encouraging risk-taking, by supporting participative decision-making and by confidently showing the way in post-secondary education.

Studying in Nicosia

City Unity College Nicosia Campus is located in Nicosia, the heart of the Island. The largest student population lives here. Nicosia has been the capital of our country for over 1000 years. It is the administrative, commercial, financial and cultural center of our island. It also serves as a base for major financial services providers and numerous smaller businesses. As a cradle of civilization marked by historical and cultural wealth, Nicosia is proud of its continuous progress in terms of cultural expression and creativity. At the same time, it has emerged as an important center of education and research in our country.

Premises and Equipment

According to the requirements set both by the collaborating foreign Universities and the Ministry of Education of Cyprus, City Unity College Nicosia designed and equipped all premises so as to offer to its students high-level education in a pleasant environment. City Unity College Nicosia operates in two fully-equipped buildings in the center of Nicosia, with modern classrooms, computer labs as well as an up-to-date library.

Classrooms

The classrooms provide the opportunity to the student to attend the course and participate creatively in the learning process, using the most modern teaching aids such as, laptops, LCD projectors, screens, sound systems and wireless Inter-net access. All rooms have central heating and air conditioning.

Computer Lab

The use of a computer is considered essential to the education and training and the modern life itself. City Unity College Nicosia uses all the benefits of the modern technology to provide high quality educational services to its students. The Computer Lab of the college is equipped with the most modern systems and networks. While all the facilities of City Unity College Nicosia operate in a wireless environment. The lab, apart from the teaching of the relevant courses, is offered both for practical training of the students and the search for information online.

Library

The library hosts a variety of academic books and journals and even more are brought on a regular basis into our educational collection as to expand our students' learning as much as possible. Several computers are provided to students to use free at their convenience. Online library catalogue, e-learning platform, ebsco, access to CMU library is also

available.

Cafeteria

At the College's Café, staff and students can have a break from their routine and enjoy some coffee, snacks or, even more, take the time to relax by playing games, billiards and even table football. The place is designed in a way that the classrooms and other premises are not affected in any way.

Student Life

Students at City Unity College Nicosia have the opportunity to live a student life full of activities, cultural events, entertainment and sport activities that make the student years more pleasant but also more creative. The student life in City Unity College Nicosia is everything that a young person who starts his/her academic adventure can dream of and aspire, and looking for activities and a student life along with their studies, but also a mature student who is looking for the quietest, calm and undisturbed environment to dedicate on his/her studies along with other family and professional obligations

Activities

Young students, full of life and enthusiasm have to choose among dozens of daily activities in Nicosia. In the college there are more than 10 different groups of students that meet the varied interests and talents of each student. Music, dance, art and photography groups, as well as other groups enrich the life in the college. Tours and trips abroad offer entertainment and fun and create a beautiful environment of friendliness and support within the college.

Students' Union

The students' union, which elects its own representatives, exists to promote the social, cultural, academic and other interests of students. The students' union, through its president, is represented on several College committees such as the College Council, the Academic Committee, the Administration Committee and the Disciplinary Committee. The students' union is also the link between the College, other higher education institutions and the community at large.

Alumni Association

All City Unity College Nicosia graduates automatically become members of the City Unity College Alumni Association (Ci.U.Co. Al. A.). The aim of the Alumni Association is to maintain contact with the College graduates by inviting them to attend College activities and by communicating to them the College's news. The association is designed so that it

may receive information from graduates concerning their employment and career development.

Cyprus Emergency Telephone Numbers

This section of the Student Orientation Handbook includes all necessary information concerning the Emergency Services, including fire, police and ambulance. Information on how to contact sea rescue, drug-abuse help, poison centers, chemists, emergency doctors and hospitals.

Emergency Service Telephone Numbers (English is spoken)

Ambulance	199 / 112
Police	199 / 112
Fire Service	199 / 112
All Emergencies (Pan-European)	199 / 112

Call 112 to reach emergency services - medical, fire or police - from anywhere in Europe. This Pan-European emergency number 112 can be called from any telephone (landline, pay phone or mobile cellular phone). Calls are free. Operators in Cyprus speak English; if you do not know your location they are able to geo-lo-cate you. Use 112 for any life-threatening situation, including:

Serious medical problems (accident, unconscious person, severe injuries, chest pain, seizure), Any type of fire (house, car), Life-threatening situations (crimes), SOS 112. Information on the 112 number from the European Commission website

Hospitals and Pharmacies/Chemists

Medical Assistance

Hospital Information	1400

Transportation in Cyprus

Buses and Coaches

Buses: Just in front of the college, at 19, Stasinou Str. Engomi, Nicosia, students can use the bus network to any direction and destination in the city and province of Nicosia and Cyprus in general as well. On weekends, many students tend to exploit the cheap bus travel costs for visits to other cities of Cyprus such as, Paphos, Limassol, Nicosia and Larnaca.

For more information for the bus routes and hours from CUCU please visit:
http://www.cyprusbybus.com/routes.aspx?sid=4

Find out how to get around Cyprus using the bus and coach networks...
Buses are not consistent in appearance, though the destination is usually displayed in the windscreen. Bus time tables and schedules are available from tourist offices or directly from the bus companies. Be aware that services stop early daily (at approximately 18:00) and there is limited bus service on weekends (some areas have no service on Sundays).

Bus fare is paid directly to the bus driver; exact change is required. Shared and private taxi services provide an alternative method of transport with the options being Island-wide

bus services, urban buses, rural buses, intercity taxis, urban taxis and rural taxis.

- For comprehensive details on island-wide bus and taxi transport:
- Cyprus By Bus provides information about buses, bus routes and time tables in Cyprus:

http://cyprus.angloinfo.com/redirect/url/www.cyprusbybus.com/Island-wide

Bus Services

Various bus companies link all major towns with a regular service leaving every one or two hours. There is limited bus service on Sunday with some routes having no service at all. Bicycles can be taken on some of buses serving the main intercity routes.

Bus companies serve the following routes:

Larnaca - Nicosia - Limassol - Larnaca Airport - Ayia Napa - Protaras
Ayia Napa - Larnaca - Paralimni
Nicosia - Limassol - Paphos
Nicosia - Limassol
Larnaca - Nicosia / Larnaca – Limassol / Paphos - Limassol - Polis
Larnaca - Paralimni - Protaras

It is recommended to check directly with the bus companies to determine if service is available on a particular day.

Service Taxi Routes

Regular service taxis run between the following towns and airports:

Nicosia - Limassol
Larnaca - Nicosia
Nicosia - Larnaca airport
Larnaca - Limassol
Limassol - Larnaca airport
Limassol - Paphos
Limassol - Paphos airport
These service taxis do not operate between smaller towns and villages. Call for a schedule and detail of routes.

Student Code of Conduct

Purpose

The purpose of the Code of Student Conduct (the Code) is to define the responsibility of all City Unity College Nicosia students to act in a manner that respects the rights, safety and wellbeing of others. The intent of the Code is to provide a framework to resolve issues when civility and respect for the rights of others break down and informal resolution is not possible. These principles and values can only be realized in an atmosphere of respect, safety and security.

In the context of the Code, the goal and responsibility of City Unity College Nicosia is to provide an academic community encompassing all aspects of college life, such that the pursuit of education and personal growth can take place in a safe and welcoming environment. The Code includes coverage of incidents that occur on campus, which affect the City Unity College Nicosia workplace, living and study environment.

Scope

The Code applies to full-time and part-time (prospective or confirmed) student conduct from the time of application or registration in a program or course through to completion of the course or graduation from the program, where activities or actions are a component of the relationship between the student and the institution, or between community members.

Student Rights

Student Union

The acts as a means of communication between the College and its students. It is autonomous and its actions are based on the official student union constitution.

THE STUDENT UNION IS COMPRISED OF:
Student Union President Representative **(Chairperson)**
Vice - President
Treasurer
Secretary
Public Relations
Two (2) General Members

DUTIES AND RESPONSIBILITIES:

- Promote general welfare of students

- Act as the official organisation representing all students attending/enrolled at City Unity College Nicosia
- Develop and fosters the cultural, intellectual, social and athletic recreation of students
- Enhance communication between its members and the College
- Elect the Union Committee: President, Vice President, Secretary, Treasurer, Public Relations, Two Members
- Appoint members as representatives of College committees

All City Unity College Nicosia community members have rights that are protected under the Cyprus Human Rights Code as well as the European Charter of Rights and Freedoms. These rights are subject to limitations as described by law and some activities (rights) that are acceptable in a public place may not be appropriate in certain contexts in an institution of higher education.

All students have a responsibility to be aware of policies and codes that guide expectations of conduct in the various environments where students engage in college- related activity. It is expected that community members will treat each other with mutual respect and in a way that does not adversely affect the rights of others. Where this expectation is violated and not resolvable informally, formal processes will be engaged. Students will be held accountable for the behavior of their guests under this Code.

Academic Advising

At City Unity College Nicosia academic advising is a shared process between the student and the academic advisor which enables students to explore and achieve educational, life and career goals.

<u>To Achieve This Students Will:</u>

- Value the role of the academic advising process as part of the college Experience
- Demonstrate the characteristics of a prepared advisee by bringing questions and material for discussion to advising sessions
- Develop an educational plan for successfully achieving their goals
- Use campus resources and services to assist them in achieving their academic, personal and career goals
- Follow through when referred to appropriate campus resources
- Be able to accurately read and effectively use a degree audit in their educational planning
- Complete educational goals in a timely manner based on the educational plan.

Academic Advisor Responsibilities

- Effectively communicate the curriculum and graduation requirements for the student's major per college academic policies and procedures.
- Assist students in the pre-registration process which may include checking for course pre-requisites and interpretation of college test scores.
- Encourage and guide students as they define and develop realistic goals.
- Encourage and support students as they make academic progress according to their educational plans.
- Provide students with information about strategies for using the available resources and services on campus.
- Assist students in understanding the purposes and goals of higher education and its effects on their lives and personal goals.
- Be accessible for advising students during posted office hours, or by telephone, e-mail, or web access.
- Assist students in gaining decision-making skills and learning to assume responsibility for their educational plans and achievements.
- Maintain confidentiality.
- Assist students in working closely with their instructors and refer students to appropriate college sources when assistance is needed.

Advisee Responsibilities

- Schedule regular appointments and make regular contact with advisor during each semester.
- Keep all scheduled advising appointments
- Come prepared to each appointment with questions or materials for discussion.
- Be an active learner by participating fully in the advising experience.
- Ask questions if you do not understand an issue or have a specific concern.
- Enroll in the courses which you and your advisor have determined appropriate and follow-through with these courses.
- Keep a personal record of your progress toward meeting your goals. Use an audit sheet to track class completions.
- Organize official documents (transcripts, etc.) in an advising folder that will enable you to access them when needed.
- Complete all assignments or recommendations from your advisor.
- Clarify personal values and goals and provide your advisor with accurate information regarding your interests and abilities.
- Become knowledgeable about college programs, policies, and procedures.
- Accept responsibility for your decisions.

Orientation

Orientation, employment and career services and assistance with finding accommodation are just a few of the services offered to students at all stages of their College life by the Office of Student Affairs. Moreover, the Office of Student Affairs organizes and sponsors many extra-curricular programs and activities, which aim at enhancing students' life at City Unity College Nicosia. Student life is an important aspect of college education as it can offer a unique opportunity to develop leadership and communication skills. The Office of Student Affairs tries to cultivate a feeling of shared responsibility whereby students can learn the importance of teamwork and become members of an international community. The aim of the Office of Student Affairs is to help students acquire skills and qualities that will help them cope and excel in life after graduation.

Student Orientation Day

Orientation is an important service administered to all new students upon their arrival at the College. New students are required to attend a series of orientation seminars which, among other objectives, aim at:

- Easing students' way to college life by eliminating all obstacles that might interrupt their educational progress; and
- Making students aware of and experience all on and off-campus opportunities for personal, social, cultural and intellectual development.

During the orientation seminars, students are exposed to a variety of information relating to their studies and the College in general. They learn about the College structure and its operations and become acquainted with its officers and staff. Moreover, students are exposed to and thoroughly briefed on issues such as their rights and responsibilities and on matters such as academic regulations, assessment and grading. A very important part of the orientation for a student is getting to know the role of a student advisor. Student advisors help students prepare for their academic year, review the courses needed to fulfill graduation requirements and assist them in setting educational and career goals. Orientation concludes with a tour of all College facilities. Particular attention is given to the College library, where students are introduced to the variety of services it has to offer.

International Student Services

The Office of Student Affairs maintains and provides to all international students' up-to-

date information on Immigration regulations and procedures.

Accommodation Services

The Office of Student Affairs maintains information on available accommodation and estate agencies. It can, therefore, assist students in finding suitable accommodation.

If the modules listed above are direct replacements for other modules (e.g. a simple retitling) list the old module here in the corresponding number slot. If you require a module simply to be removed from the catalogue, with no direct substitute, list it here, but delete the number reference in the left column to show that it corresponds to no module in the list above (formal procedures by QEU still apply). Do not add modules to this list if they will be deleted from one course, but remain in use on others.

Please note: allow 4 days this form to be processed and returned to you. Do keep in mind that no course or module specifications can be submitted unless they are fully and correctly coded.

Point Eight

LONDON METROPOLITAN UNIVERSITY

Student Name

has been awarded the degree of

Bachelor of Science with First Class Honours

having successfully completed the approved undergraduate programme in

Computing

SAMPLE

Lynn Dobbs

Vice-Chancellor and Chief Executive

Date of Award

taught in association with City Unity College, Cyprus
