RESPONSE TO THE EXTERNAL EVALUATION COMMITTEE’S EVALUATION REPORT

“BUSINESS ADMINISTRATION
(12 Months, Full-Time or 24 Months, Part-Time, Master in Business Administration/90 ECTS”

CDA College would like to express its appreciation and gratitude to the External Evaluation Committee (EEC) of the methodical and very detailed report of our programme. During the visit on 18th March 2019, the College welcomed the EEC and provided every support and assistance to facilitate their work.

The Council and the Academic Committee of the CDA College at their meeting held on March 11, 2019, following an in-depth discussion with the coordinator and academic staff of the programme of study, have already fully implemented all the suggestions raised by the EEC to further strengthen the College's program of study and educational standards.

1. Study program and study program’s design and development
   (ESG 1.1, 1.2, 1.8, 1.9)

1.1 – 1.28.8 No Comments – Partially or Substantially Compliant

The EEC graded the above criteria with seven (7) and eight (8) as substantially compliant. However, as per the EEC suggestion, we added two (2) more elective courses to reinforce the curriculum and also to ensure that the recent educational and societal trends are followed. The courses are:

- MBA 770 Digital Business (Attachment 1)
- MBA 780 Corporate Sustainability (Attachment 2)
2. Teaching, learning and student assessment (ESG 1.3)

2.1 No Comments – Partially or Substantially Compliant

2.2 The number of students in each class compares positively to the current international standards and/or practices.

The EEC graded this criterion with six (6) as partially compliant. There are 20 students in the class and this number is as per the international standards. This number of students promotes the interest for discussion, group interaction and critical thinking.

2.3 – 2.7 No Comments – Partially or Substantially Compliant

2.8 Teaching incorporates the use of modern educational technologies that are consistent with international standards, including a platform for the electronic support of learning.

The EEC graded this criterion with six (6) as partially compliant. Moreover, the College applies a plethora of modern educational technologies such as:

- The program is well-resourced.
- The process of teaching and learning supports student needs and development.
II. CDA College has already fully implemented all the suggestions raised by the EEC for further improvement of the program of study.

- **Intensified Research**

  CDA College aims at excellence in research and is fully committed to developing and promoting research activity. CDA College strongly supports and encourages faculty staff’s research activities. In 2016, the College has established the Research Centre "Aristotelis" to provide an independent platform for researchers and promote the College research culture. There is a research policy where the College encourages and supports faculty research activities, publications, attend conferences, seminars, workshops through financial support, reduction of teaching load, and other means as per the research incentives policy.

  In addition, the College and the research team have set as their main objectives the constant presence in academic conferences, seminars and publications in prestigious research journals and the further cultivation and development of research culture at the College aiming at the exchange and formulation of innovative ideas and knowledge. (Attachment 3)

- **Internationalization could be improved primarily through student exchange**

  As already mentioned, the MBA program’s duration is only 12 months and most of the students are working. The College encourages students to participate in exchange programs. CDA College has good internationalization standing since the institution has 25 agreements with other universities abroad through the ERASMUS + program, visiting professors and students exchange programs promoting cooperation with other institutions. The College attracts many visitor professors of recognized academic standing and students. Moreover, the College will continue to encourage students to participate in these exchange programs. (See Application and criterion 4.4 above)

**Course’s Aim and Objective**

This course aims to provide students with fundamental knowledge of the notion of corporate sustainability, its background, its objectives and operating modalities. It will refer to the way organizations answer increasing environmental, social and technological challenges. A specific focus will be done on the analysis of the connections between corporate strategy and corporate sustainability and the impact of corporate sustainability on business’s functional organizational structures and on business performances. This course will thus discuss key concepts such as how organizations impacts on the environment and socio-technical systems, the relationship between social and environmental performance and competitiveness.

**Learning Outcomes**

- An understanding of sustainability management as an approach to aid in evaluating and minimizing environmental impacts while achieving the expected social impact
- An understanding of strategies and approaches for designing sustainable products and processes
- Knowledge and skills to understand to measure and interpret sustainability performances
- An exposure to practical case studies and real-world examples of applying sustainability management strategies

Research at CDA College

CDA College strongly supports and encourages faculty staff research activities. That's why in 2016 the College has established the Research Centre "Aristotelis" to provide an independent platform for researchers and promote the College research culture.

There is a research policy where the College encourages and supports faculty research activities, attend conferences, seminars, workshops through financial support, reduction of teaching load, and other means.

Also the College encourages faculty staff to publish their research work, articles in refereed journals and online research networks.

Every year the Research Centre keeps a research report of all the research activities of the academic staff, publications, attendance to seminars, workshops, training etc.

Research Incentives Policy

A formal research policy to enhance research quality and education standards
- CDA Research centre has a budget of €100,000 per year
- Lecturers get teaching hours off for the research undertaken
- An amount paid for a complete research is based on the research quality whether primary or secondary
- Lecturers get additional payment if they enter into EU Funding Research projects
- Lecturers are encouraged to participate to seminars, workshops and expenses paid by the CDA Research center
- To establish collaborations with research centers and institutions abroad
- All the lecturers by department should meet once per semester to organise the future research projects
- Based on annual research & publications records lecturers will get rewards, promotion.

Aristotelis Research Centre

- It’s established in 2016, it’s an independent, non-profit organization based in Cyprus to promote research activity and development in Cyprus and abroad.
- Supporting the College’s faculty to develop their skills and research activities, supporting mobility, conferences, seminars and publication opportunities through financial support and workload credit.
