COMMITTEE MEETING FOR REVISING THE COMPUTER SCIENCE (4 YEARS, 240 ECTS, BACHELOR OF SCIENCE) PROGRAM OF STUDY

6 November 2019

PRESENT

Name	Job title
George Georgiou	Head of Computer Science Department (Chairperson)
Sofia Pratzioti	Faculty Member
Christodoulos Skouroumounis	Faculty Member

A meeting of the ad hoc Committee for revising the Computer Science (BSc) Program of Study, was held on Wednesday, 6 November 2019 at 12:00 in Room B116. Below are the minutes of this meeting.

MINUTES

1. Suggestions for revising the Computer Science (4 Years, 240 ECTS, Bachelor of Science) Program of Study.

Following a discussion among the members of the ad hoc committee for revising the Computer Science (4 years, 240 ECTS, Bachelor of Science) Program of Study, the Committee takes the following decision on the issues to consider for revising the program of study.

AGREED:

To Consider,

- The purposes and objectives of the Program of Study;
- The intended learning outcomes;
- The distribution of the credit requirements for completing the Program of Study;
- The curriculum of the Program of Study;
- The suggested course sequence of the Program of Study; and

AGREED:

On Monday, 2nd December 2019, the Committee to meet, in order to discuss the suggestions of the members of the Committee in relation to the issues that have been agreed to be considered in designing the revised Computer Science (4 Years, 240 ECTS, Bachelor of Science) Program of Study.

Chairperson

A handwritten signature in blue ink, appearing to read 'G. Georgiou', with a stylized, cursive script.

A meeting of the ad hoc Committee for revising the Computer Science (BSc) Program of Study, was held on Monday, 2 December 2019 at 12:00 in Room B116. Below are the minutes of this meeting.

MINUTES

1. Decision on revising the Computer Science (4 Years, 240 ECTS, Bachelor of Science) Program of Study.

The members of the Committee have discussed:

- The presented objectives and intended learning outcomes of the Program of Study.
- The credit requirements for completing the Program of Study.
- The curriculum of the Program of Study.
- The suggested course sequence of the Program of Study.

Following a discussion among the members of the ad hoc committee for revising the Computer Science (4 years, 240 ECTS, Bachelor of Science) Program of Study, the Committee has taken the following decisions:

- The objectives and the intended learning outcomes of the Program of Study.
- The distribution of the credit requirements for completing the Program of Study.

Regarding the curriculum of the Program of Study, the Committee,

AGREED:

- In the General Education courses to add the new course, GRE201 Modern Greek II.
- The following courses to be removed from the Major Requirements of the curriculum.

CSC215 Computer Organization and Assembly Programming.
CSC401 Object-Oriented Programming
CSC409 Software Engineering II
CSC412 Numerical Analysis
CSC225 Network Security II

- The following courses to be shifted from the Major Requirements, compulsory courses to the Major Elective Courses:

CSC209 Visual Programming
CSC310 Programming in Java
CSC410 Introduction to Artificial Intelligence
CSC411 Theory of Compilers
CSC413 Introduction to Computer Graphics.

- In the Major Elective Courses, the following new courses to be also included:

CSC311 Mobile Computing Programming
CSC312 Human Computer Interaction
CSC416 Network Security
CSC417 Cloud Computing IoT and Wearable Technologies
CSC418 Data Mining and Web Mining

- The suggested course sequence of the Program of Study is discussed and agreed by the Committee.

AGREED:

On Monday, 16th March 2020, the Committee to meet in order to discuss the final design of the Program of Study as well as the course syllabuses of the revised Program of Study.

A meeting of the ad hoc Committee for revising the Computer Science (BSc) Program of Study, was held on Monday, 4 October 2021 at 12:00 in Room B116. Below are the minutes of this meeting.

MINUTES

1. Decision on further revising the Computer Science (4 Years, 240 ECTS, Bachelor of Science) Program of Study.

The members of the Committee have discussed:

- The presented objectives and intended learning outcomes of the Program of Study.
- The distribution of the credit requirements for completing the Program of Study.
- The curriculum of the Program of Study.
- The suggested course sequence of the Program of Study.

Following a discussion among the members of the ad hoc Committee for revising the Computer Science (4 Years, 240 ECTS, Bachelor of Science) Program of Study, the Committee has taken the following decisions:

AGREED:

- The objectives and intended learning outcomes of the Program of Study.
- The distribution of the credit requirements for completing the Program of Study.

Regarding the curriculum of the Program of Study, the Committee,

AGREED:

- The course CSC309 Theory of Computation to be removed from the Major Requirements.
- The course CSC410 Introduction to Artificial Intelligence to be shifted from the Major Elective Courses to the Major Requirements as a compulsory course.

- The following courses to be removed from the Major Elective courses:

CSC209 Visual Programming
CSC411 Theory of Compilers
CSC413 Introduction to Computer Graphics
CSC418 Data Mining and Web Mining

The external stakeholder, Mr. Angelos Gregoriou, suggested that, in the Major Elective Courses, the following new courses to be also included:

CSC313 Advanced Web Programming
CSC419 Introduction to Machine Learning

Regarding the suggested course sequence, the members of the Committee agreed the following:

AGREE:

- To make the following changes in the course sequence:

The course CSC209 Visual Programming to be removed from the course sequence.
The course CSC312 Human Computer Interaction to be shifted to the 5th semester
The course CSC313 Advanced Web Programming to be included in the 7th semester.
The course CSC310 Programming in Java to be shifted to the 6th semester.
The course CSC311 Mobile Computing Programming to be shifted to the 8th semester.

AGREED:

On Monday, 25th October 2021, the Committee met in order to discuss the course syllabuses of the revised Program of Study, including the syllabuses of the two (2) new Major Elective courses - CSC313 Advanced Web Programming and CSC419 Introduction to Machine Learning.
