**Re: Postponement of decision & submission of clarifications and documented improvement actions for Programme Evaluation. « Aviation Management (2 years, 120 ECTS, Diploma) » Atlantis College**

Firstly, we would like to recognize the important benefits of the suggestions and recommendations made by the External Evaluation Committee (EEC) with which we have fully complied and adopted. We also appreciate the productive dialogue which has had a positive influence on the educational operations and practices at Atlantis College.

It is important to acknowledge that there was a thorough and in-depth analysis and evaluation which led to discussions which were received well by all participating faculty and administrative members involved in the programme which is under the accreditation process.

We would like to take this opportunity to thank you all for your insightful suggestions as we continuously aim to improve and enhance the quality of the proposed academic programs of study for prospective students.

Following your letter dated 31<sup>st</sup> January 2022, please note that we have fully complied and implemented all of the EEC's suggestions and all matters indicated in green on the table you sent have been undertaken and documented evidence attached.

Yours sincerely,

Michael Aresti  
Executive Director  
Atlantis College
