A. Introduction

This part includes basic information regarding the onsite visit.

- The committee had been invited to Cyprus first, however due to the pandemic the onsite visit was shifted to an online meeting via Zoom.

-

Areas of improvement and recommendations

A list of problem areas to be dealt with, followed by or linked to the recommendations of how to improve the situation.

For the EC it is questionable to see same course titles in BA as well as MA: Seems to be the same course for different levels, but with differing credit points, as in *Stop Motion Animation* (F semester BA, and 3rd semester MA). The course is credited with 6 ECTS in the BA, and 10 ECTS in the MA.

The elective course in *Psychology* with 6 ECTS the same amount of credit points as the *Final Project*.

Unclear why the courses/projects come in the order they do. I.e. *History of Digital Art* sits in the 6th semester, and the elective *Stop Motion Animation* is placed in the 8th semester. Such introduction courses should rather be placed in the beginning of the studies. In the more advanced semesters, there should be given more attention to extensive project work.

D. Conclusions and final remarks

Please provide constructive conclusions and final remarks which may form the basis upon which improvements of the quality of the programme of study under review may be achieved, with emphasis on the correspondence with the EQF.

The committee has a positive overall impression of the department. The academic staffs' broad professional interests, expertise, and passion have particularly convinced the members of the EC.

However, the committee suggests some changes to improve the program structures. The structure of the BA program Fine Arts that weighs four projects with different amount of credit points seems useful and appropriate for other programs. This could also be introduced to the BA in Interactive Media and Animation from the 5th or 7th semester on.

The committee agrees that the BA Interactive Media and Animation is compliant to their expectations.
