Based on the recommendations of the EEC, the institution should provide evidence of compliance with the following, no later than the Fall Semester 2023-24:

- Reinforce the instruction of statistics in the program and the use of statistical software and databases related to the content of the program as part of the curriculum.
- Enhance and promote the research and the publication activities of the faculty, through hiring of tutors, research funding and research collaborations between regular faculty of the program and outside tutors.
- Plan and elaborate on issues unique to DL programs, such as placements or library access across the potential origin countries, so that DL students are not disadvantaged in relation to students in the conventional program. This includes improved induction seminars for DL students.

The current accreditation begins in the Spring semester of the academic year 2021-2022 and ceases to be in effect at the end of the Fall semester of the academic year 2026-2027.

On the basis of Article (4) of the relevant Legislation, it is noted that "the above accreditation is valid for the period provided by the provisions of the Law and is repeated every five (5) years and that the procedure starts at the request of the institution, which must, and shall be submitted at least sixteen (16) months before the expiry of the previous accreditation".

Additionally, on the basis of Article (17)(3)(g) during the period of validity of the Accreditation, the Agency acting of its own motion, may examine whether the criteria continue to be met and if they are not met, then the Agency shall revoke the Accreditation, and immediately inform the institution concerned.
