The EEC met remotely with the head of the institution, the head of the relevant department, the programme's coordinator, members of the academic staff, members of the administrative staff, students and/or their representatives and the Internal Quality Assurance Committee.

Additionally, the EEC remotely examined the institution's facilities (library, computer labs, labs, teaching classes, research infrastructures, etc.), various documents presented and/or requested by the EEC, the School's/Faculty's structure and the programme's position in it, the CVs of the teaching staff and their relationship to the institution as teachers in regard to any other duties and teaching.

The EEC has documented its findings and recommendations and drew up the External Evaluation Report in the Doc. 300.1.1.

CYQAA Council's Decision

The Council of the Cyprus Agency of Quality Assurance and Accreditation of Higher Education, during its 84th Summit on July 18, 2022, according to the Article (20)(2)(f)(i) of the "Quality Assurance and Accreditation in Higher Education and the Establishment and Operation of an Agency on Related Matters Laws" of 2015 to 2021 [L. 136 (I)/2015 - L. 132(I)/2021], and on the basis of the suggestions of the External Evaluation Committee, the comments of the institution on the External Evaluation Committee report and the subsequent feedback from the institution, **decided that the programme is accredited to be delivered in English/Greek.**

According to the EEC, the department and its program "lacks identity" and thus, must concentrate on the following:

"The lack of architectural character of spaces seems to correspond to a lack of identity of the master course. As the school has been the outcome of a refurbishment of an old hotel, remodelling should turn it into an architecturally expressive entity...because every programme must make explicit its interpretation of architecture and of architectural design"

The current accreditation begins in the Fall semester of the academic year 2022-2023 and ceases to be in effect at the end of the Spring semester of the academic year 2026-2027.

On the basis of Article (4) of the relevant Legislation, it is noted that “the above accreditation is valid for the period provided by the provisions of the Law and is repeated every five (5) years and that the procedure starts at the request of the institution, which must, and shall be submitted at least sixteen (16) months before the expiry of the previous accreditation”.

Additionally, on the basis of Article (17)(3)(g) during the period of validity of the Accreditation, the Agency acting of its own motion, may examine whether the criteria continue to be met and if they are not met, then the Agency shall revoke the Accreditation, and immediately inform the institution concerned.
