CYQAA Council's Decision

The Council of the Cyprus Agency of Quality Assurance and Accreditation of Higher Education, during its 95th Summit on 12/06/2023, according to the Article (20)(2)(f)(i) of the “Quality Assurance and Accreditation in Higher Education and the Establishment and Operation of an Agency on Related Matters Laws” of 2015 to (Num. 3) of 2020 [N.136 (I)/2015 to N.208 (I)/2020], and on the basis of the suggestions of the External Evaluation Committee and the comments of the institution on the External Evaluation Committee report, **decided that the programme is accredited to be delivered in English & Greek.**

According to the Private Universities (Establishment, Operation, and Control) Law of 2005, each Department of the University can have a maximum of 30% of its teaching research staff as special teaching staff [34(1)]. Therefore, the institution is required to demonstrate its adherence to this provision of the Law by providing supporting evidence before the Spring Semester of the academic year 2024-2025 commences. It is essential that the documentation showcases compliance not only at the program level but also at the Department level, taking into account the number of programs and the overall workload of the teaching staff.

In addition, it is noted that the institution must have established procedures for the continuous professional development and training of the teaching and administrative staff which should be presented to the external evaluation committees.

The current accreditation begins in the Fall semester of the academic year 2023-2024 and ceases to be in effect at the end of the Spring semester of the academic year 2027-2028.

On the basis of Article (4) of the relevant Legislation, it is noted that “the above accreditation is valid for the period provided by the provisions of the Law and is repeated every five (5) years and that the procedure starts at the request of the institution, which must, and shall be submitted at least sixteen (16) months before the expiry of the previous accreditation”.

Additionally, on the basis of Article (17)(3)(g) during the period of validity of the Accreditation, the Agency acting of its own motion, may examine whether the criteria continue to be met and if they are not met, then the Agency shall revoke the Accreditation, and immediately inform the institution concerned.
